More Package Details:

You can start a punch card or subscription any day of the month. For punch cards, the valid period starts from the first day you use it, regardless of when you buy it.

You can cancel your package any time. If you choose to cancel, we'll simply charge your usage (including any perks used) at our a la carte rate. Any amount left over will be a credit your Happy Dogs account for future use.

If you have a monthly subscription, you can change your number of subscribed days and/or which days of the week upon renewal each month. And if you come more than expected on any given week, your extra days will be charged at the a la carte rate.

Remember - all those lovely perks don't roll over once your package ends. So take advantage before it's too late!

Extra Subscription Benefits:

Switch-a-roos:

We know life isn't completely predictable. If ever you can't make it in on one of your subscribed days, you can use a "switch-a-roo" to trade your missed subscribed day for an unsubscribed day within the same calendar week.

Boarding offsets:

If your dog is boarding on any subscribed daycare days, you will only be charged the difference between your subscription's daily daycare rate and the boarding rate. And on top of that, you still get your boarding discount.
